EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mark Murphy (Reg. No. 34,225) on September 14, 2004.

2. The application has been amended as follows:

In the Specification

In item "9" of the "TRANSMITTAL OF FILING UNDER 37 CFR 1.60(b)", filed on June 05, 2001, the following amendment has been made:

After "January 5, 2000", --, now U.S. Patent No. 6,278,131-- has been inserted.

In the Claims

At claim 22, line 10, after "light shielding", "film" has been DELETED and --conductive layer-- has been inserted.

At claim 22, line 25, after "channel region", --of the second semiconductor layer-- has been inserted.

In claims 35 and 43 (line 1, each) and claim 59 (line 2), "23" has been changed to --22--.

3. The following is an examiner's statement of reasons for allowance:

Claims 22, 35, 43, 59 and 60-98 are allowable primarily because the independent claims (22, 60, 63, 66, 69, 72, 75, 86, 89 and 92) require at least a second thin film transistor, in the shift register circuit of the driver circuit, having a gate insulator that is thinner than the that of the thin film transistor in the pixel region. These limitations, in combination as recited in the independent claims, cannot be anticipated or fairly suggested by the references of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lex Malsawma whose telephone number is 571-272-1903. The examiner can normally be reached on Mon-Fri (8 hours between 5:30AM and 8:00 PM EST).
